

## Hizkia Jefren Reppi

I come from Indonesia. I am a student at Manado State University. I focus on the field of Web Development, especially in the field of Front-End Web Development. I have attended and am competent in the LSP Informatics Junior Web Developer certification. I love working with other developers and I enjoy writing useful code and web elements for users all over the world.

## Skills

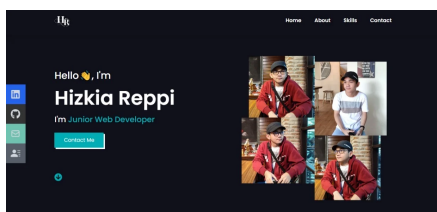

## Education

- Universitas Negeri Manado

Pendidikan Teknologi Informasi dan Komunikasi • 2021 - 2025

I specialize/concentrate in software engineering. I focus more on web development by learning to use PHP, and the Codeigniter framework.

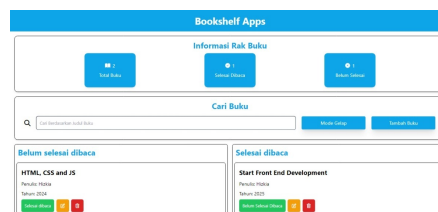

## Projects

### Personal Portfolio with React

Personal portfolio website created using ReactJS and TailwindCSS

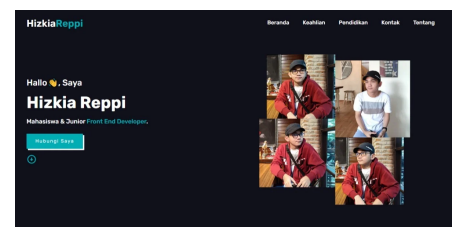

<https://hizkiareppi.netlify.app>

### Bookshelf Apps

Bookshelf apps are built using HTML, TailwindCSS, JavaScript, and take advantage of Web Storage.
